To the Officers, Directors, Chairpersons & Committee

On the MA front:

Our acquisition of Holyoke & Springfield Parishes has proven to be a big break through in an area that is almost untouchable

We have published the marriages & baptisms of Precious Blood; published the marriages of O L of Perpetual Help; are proof reading baptisms of said parishes.

This leaves us yet to complete in Holyoke the marriages & baptisms of Sacred Heart along with the small parish that houses all these records.

Burials, as per requested, are being held on the back burner till said time we get an OK from the administration.

Saint Joseph, Springfield is in the works and will come after completion of baptism of OLPH

On the MA front:

In the NY area there appears to be no end of invitations to come copy church registers. Volunteers under the supervision of Mr Bonitatibus (David) are keeping in step data entry of new material as well as volunteering to help doing church copying

Last week David brought in Sacred Heart of Albany plus another parish that have been completed

Schedule to be copied this month are St Joseph, Albany, St Joan of Arc, Menands

Data entry is almost complete on Our Lady of Angels, Albany; St Gabriel the Archangel, Rotterdam; Immaculate Conception, Schenectady; St Casimir, Albany; St Joseph, & St John the Baptist, Schenectady; St Joseph, Greenwich.

Proof reading is complete on the M-B-D of St Paul Hudson Falls with the exception of 3 files that have yet to be return in 1st proof that contain

M-B-D. Once in we should be ready to publish in fast order.

Out for proof reading are St Anthony, Schenectady. This parish catered primarily to an Italian population & is David's family parish

Would you say that we are saturated in the Albany Dioceses!

**UNUSUAL DECISION ON MY PART HAS BEEN MADE!**

Copied in 1997 and data entry for all practical purpose are completed on St Mary, Troy. This is a very old & large church & catering to an Irish population. We have cases & cases of those files!

Kay Brearton who has proven to be an excellent, reliable data entry person volunteered to undertake the supervision of PROOF reading to be done in the Albany area. She will be completely responsible for this project

There are 85 files of marriages. The 1st 15 are solely marriages. After that we have a combination of marriages & births that must be done at the same time. Consequently, when marriages are done a LARGE portion of the baptism will be completed.

The volunteers that are going to be doing the proof reading are seasoned doing other work for other societies & do not normally volunteer for ACGS.

There will be no mailing expenses & David will transfer material as he visits Manchester. Last Saturday he left with 30 files as a starter.

Had this proposal not been accepted, there is no way of knowing when we here at home could have done this extremely difficult and long project. As is, it will still be a long project BUT at least is in motion. Also, depending how comfortable Kay & we are after the 1st proof, we may deviate & do only 1 proof

On the NH front:

We continue to do, except mentioned above, proof reading of all material as well as doing the date entry for St Joseph Springfield MA. We supervise volunteers who copy area church registers.

Presently we are proofing O L of Perpetual Help, Manchester

St Therese, Manchester that is closed & are housed next door to us at Blessed S. Will look into that more closely & advise.

I perhaps am in error but I do not operate under the 1st come 1st serve theory! I strongly feel that if there is a large demand for material that we have in house, it is our duty to researchers to make that available as soon as possible not to mention how lucrative financially it can be. I would like to have this Board's opinion on this subject

I promise I shall not be this ELONGATED in future reports should I be the one to do them.

In conclusion I wish to remind this Board & Publication Committee of the motto of this department

From: Gerry Savard

Subject: Web Site statistics for September, 2005

In September we averaged 186 visitors per day to our web site. A new high again!! That's 5583 visits for the month. See graphs and data on next page.

Added a 'thermometer' to the home page to track the Drouin donations.

The research page has been updated with the new pricing structure for primary records.

For September, the repertoire list was downloaded 979 times, and the main collection list 1192 times. I plan to add a third file with our CD and Microfilm/fiche listings and also a PDF version of our catalog.

Our catalog page was accessed 470 times.  
92 membership applications were downloaded.  
57 Fall Conference registration forms were downloaded.  
The Drouin page was accessed 335 times.  
The What's New page was accessed 323 times.  
The 'Tree of Life' page got 268 hits.

Google still brings us over 800 visitors to our site.  
Lucie Leblanc Consentino's site brought us 50 visitors to learn about Drouin.  
AFGS site generated 62 visitors.  
Le Centre de Genealogie Francophone d'amerique site brought us 51 visitors.

The message board: We have 190 messages and 118 registered users. I had to delete about a about half a dozen users and a dozen messages that were not about genealogy, apparently posted by spammers.

Again, I encourage everyone to drop by the message board and possibly help someone with a query or even encourage them to stop by our library if they are local to us.
